Dear Supply Chain Partner:

The U.S. Bureau of Customs and Border Protection (Customs) is sponsoring the **Customs-Trade Partnership against Terrorism (C-TPAT)** program. C-TPAT is a joint government business initiative to build cooperative relationships that strengthen the security of the supply chain. The direct benefit to participants is a shortened import cycle time and fewer Customs cargo examinations. International Customhouse Brokerage Services, Ltd. is a participant in C-TPAT.

C-TPAT requires brokers conduct a comprehensive assessment of their international supply chains based upon C-TPAT security guidelines. Where a broker out sources or contracts elements of their supply chain, such as a foreign facility, conveyance, domestic warehouse, or other elements, the broker must work with these business partners to ensure that pertinent security measures are in place and adhered to throughout their supply chain.

Please demonstrate your company meets C-TPAT security guidelines by completing the questionnaire herewith/below. Please return the questionnaire to my attention at your earliest convenience.

You can find detailed C-TPAT information on Customs web site at www.cbp.gov. Click on "Customs – Trade Partnership Against Terrorism (C-TPAT)" link.

International Customhouse Brokerage Services, Ltd. appreciates your cooperation as we work to contribute to safe and secure international trade while managing our costs and cycle time. If you have any questions, please call me at 956-725-5134, or email me at icbs@icbsltd.com.

With Kind Regards,

Raquel San Miguel, President/CHB
